A SUGGESTION

Saturday, April 4 should see the largest crowd in Appomattox in a blue moon. The district junior and senior Community Leagues are to meet here that day. Some 700 visitors are expected.

Aside from wanting to be good hosts, wouldn't it be mighty GOOD BUSINESS for us to "DRESS UP" the town a bit for that occasion?

If these guests come here for that one day and LIKE Appomattox they'll keep coming back. It's worth a little EXTRA EFFORT.

LET'S BRAG

Sometimes we feel that Appomattox doesn't "brag" enough at having two good strong BANKS.

Many towns our size don't even have ONE bank. In a town like this we often wonder how stores and business enterprises make out. When you have to go to another town to do your banking, you are likely to do your merch a ndising there too. In a town without a bank, the hands of civic progress are tied.

We hope you read the quarterly financial statements of Appomattox's two banks published last week. Both local banks are a credit to our town and county. We ought to be proud of them and when we get in a town with no bank or just one, why not rear back and brag that "Appomattox is a real town, we have TWO GOOD BANKS."

COULD IT Be?

We are almost amused over a striking coincidence. Recently we were informed that Mr. Randolph Leigh who aspired to contest with Carter Glass for the Democratic nomination for the U. S. Senate, had been in Appomattox. At any rate his cohorts were here because the town was bestrewed with the campaign leaflets of Mr. Leigh. The party or parties did not make a visitation with this office.

However— the point is that two days later said Mr. Leigh withdrew from the race and curtly announced that Mr. Glass was unbeatable.

Now— we ask— did or did not Mr. Leigh —or his friends— make such little headway here that they decided the race was useless?

COLORED DOTS

By R.Q Lawing

A large crowd attended the regular church services at the First Baptist church here Sunday at both morning and evening services. Rev. Nunn, of Lynchburg delivered two helpful and instructive sermons. The communicy choir rendered the music. The offering was very satisfactory.

A silvery grey musical under the direction of Mrs. Trean Hamlet will be presented at the First Baptist church Thursday night April 2 at 8 P.M. The general admission will be ten cents. The public is invited.

Professor G.W. Owens visited the agricultural department of the local training school last Monday morning and reported that the work of the department was in good shape. While here he spoke to the student body at the devotional hour.

A large crowd attended the farmers' institute held at the Shiloh church last Tuesday and Wednesday despite the rainy weather. The theme of the conference was a "Balanced farm program." The following state agents spoke: T.B. Patterson and J.L. Charity and Mr. Hudgins, the local white county agent took a very active part in the program. Mr. Callehan, county agent sponsored the program.

Professor W.R.Carter and Miss Trent, of Rustburg were visitors in the home of Mr. and Mrs. R.Q. Lawings Saturday.

T.B. Patterson and Mr. Charity were recent guests of Mr. and Mrs. Isaac Patterson.

Rev. Nunn was the Sunday dinner guest of Mr. and Mrs. Charles Coleman.

The church service at Promise Land was largely attended last Sunday. A number of visitors from Spout Spring were present.

Rev. J.A. Carter and family were Sunday dinner guests of Mr. and Mrs. Anthony Hancock.

J.A. Oliver, state supervisor of NYA for negroes was a visitor at the local training school last Wednesday.

The East and West Bound Sunday School Union will convene with the Gravel Hill Sunday School on Sunday March 29, at 10 A.M.

Willie, Alex and Lorenza Watson of Buckingham visited Mrs. Mazzie Stevens last week.

Friends are sorry to learn that Mrs. Mattie Watson continues ill.

Miss Beulah Stevens, of Lynchburg is here this week.

Stonewall

—o—

Stonewall, March 25.— Mr. and Mrs. V.O.Drinkard of Lynchburg, spent Sunday with Mr. and Mrs. J.A.Stratton.

J.R.Horsely, of Blacksburg was here for the week end.

J.F.King of Riverdale, Maryland visited his uncle Tom King here last week.

Mrs. Frank Drinkard and daughter Miss Frances of Concord visited her mother here last week.

Mr. and Mrs. W.A. Perrow and children of Sherwill spent Sunday with her father R.L. Moore.

Mrs. J.A. Stratton is spending this week with relatives in Rustburg.

Mr. and Mrs. O. visited their daughters and Louise at S.T.C. last week.

The Rev. and Mrs. iams were the ginner Nettie Thomas Sunday

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . . Mrs. C. E. Ratliff, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies." . . . Thousands of women testify Cardui benefited them. "If it does not benefit YOU, consult a physician.

It's always a pleasure to serve you At

Something worth remembering ....

The past few years have brought to us amazing relief programs. Times were desperate and perhaps justified unusual measures.

But the Naked Truth is this:

No person or set of persons, not even Uncle Sam or F. D. R. can or will take care of you very long.

Nothing.... nothing will take the place of a SAVINGS ACCOUNT.

Money in bank gives you a sense of security nothing else gives. Be thrifty. Be independent. Start now to save.

Our Deposits insured by the F. D. I. C. up to $5,000.

SAFETY FIRST

SAFETY is the *first* consideration in building Ford cars. Thus Ford was the first low priced car to bring you the extra protection of a steel body, welded in one piece and reinforced with steel. Ford was the first low priced car to protect all members of your family with safety glass all around at no extra cost. The Ford V-8 is the first low priced car to give you super-safety brakes—12-inch drums and 186 square inches braking surface. Ford super-safety brakes are of the sure-acting, positive, mechanical design used on many of the highest priced cars here and abroad.

From the ground up, the Ford V-8 is a safe car to drive. It is the only low priced car with 6.00 x 16-inch air-balloon tires as standard equipment. The double channel X-type frame is low, rigid, strong. Correct weight distribution with low center of gravity gives exceptional stability on curves. Torque-tube drive with radius rod construction add to the responsibility and safety of the Ford V-8. A stout front axle gives you further protection. Even the powerful 85 horsepower V-8 motor stands to your safety with its instant response to your demands. Examine the Ford V-8 and you will find that safety has been built into it at every point—safety that has been time-tried and proved by millions of miles on the highways. It is well worthwhile to remember these things when purchasing a car.

Chevrolet's
high-compression valve-in-head engine
gives economy without equal!

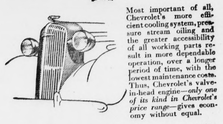
The Chevrolet engine is the most economical automobile engine produced today, because (1) it is a six-cylinder engine, and (2) it is a *valve-in-head* six-cylinder engine.

Its six cylinders use less gas and oil—in fact, use the *least* gas and oil—because six cylinders are the most economical combination used in modern automobiles.

Every test *proves* it's more economical . . . Every Chevrolet owner *knows* it's more economical . . . And every person will readily understand these simple A-B-C reasons why it *is* more economical

CHEVROLET
A GENERAL MOTORS VALUE

Its *valve-in-head* design cuts gasoline consumption still lower because *there is less loss of heat through the walls of the combustion chamber* in valve-in-head engines, and the advanced construction of the Chevrolet engine gives maximum heat (or power) saving.



Most important of all, Chevrolet's more efficient cooling system, pressure stream cooling, and the greater accessibility of all working parts result in more dependable operation, over a longer period of time, with the lowest maintenance cost. Thus, Chevrolet's *valve-in-head engine—only one of its kind in Chevrolet's price range*—gives economy without equal.

NEW PERFECTED HYDRAULIC BRAKES . . . IMPROVED GLIDING KNEE-ACTION RIDE* . . . SHOCKPROOF STEERING* . . . GENUINE FISHER NO DRAFT VENTILATION . . . SOLID STEEL one-piece TURRET TOP BODIES . . .
